

***Canvas assignment will be activated in the middle of August**

Welcome to AP Environmental Science (APES)! We are so excited for next year, and we hope you are too! The purpose of this summer assignment is three-fold. First, it will help you become aware of the environment and many of the ongoing concerns related to it. Second, it will help us to cover the information required for the AP exam next May. Third, it will hopefully inspire you so that you come ready to learn about all of the great topics we'll cover next year. If you have any questions about this work over the summer, please feel free to email us, but give us a few days leeway to get back to you! Thanks in advance for the time you put in and know that we are picking the most important things for you to work on since we want you to have plenty of time to enjoy summer too! *Just a quick note: In our effort to be environmentally conscious this year, your assignments will be submitted via canvas in digital form. Use fonts anywhere from 10-12 pt. Let's start making a difference now! * ~Mrs. Bhasin & Mr. Yerramsetty
